

10-14 October 2011

Caring for animals: Healthy communities

Cape Town International Convention Centre, South Africa

SOCIAL EVENT

**Tavern of the Seas –
Explorer’s Evening
Social Event World Veterinary
Congress 2011
Wednesday 12 October 2011,
Cape Town, 19:00 – late**

Join the South African Veterinary Association as we celebrate the eclectic heritage of rainbow cultures which underpins our art, cuisine and customs.

With wooden deck and sea sand underfoot, with cocktail in hand, enjoy the magnificent, panoramic vista of the cool Atlantic Ocean with Robben Island only a “stone’s throw” away.

In true explorer style, roam freely and informally around the tavern and sample a myriad of different local foods, wines and experiences which have developed over generations and are now uniquely and proudly South African. From the winelands and Malay cuisine of the Cape to curry restaurants of Durban, the aromatic braaiing of boerewors to the traditional food of the townships, our famous produce is yours to enjoy.

Have your face painted, a relaxing foot massage, watch a local dancer whilst sampling the wares presented by the different food stalls.

Dress code is strictly comfortable!
Tavern of the Seas is within easy walking distance of the Convention Centre and is adjacent hotels. Coach transport will, however, be available.
